Dear Sirs,

### Re: Newbuilding Supervision (Hull No. YC-002) at Wujiazui Shipyard

Following the successful delivery of the 79,600DWT Bulk Carrier from Wujiazui Shipyard in the end of May 2011, we write to express our appreciation upon successful completion of the project.

The vessel was delivered within contractual schedule. Even more significant, however, is the fact that the quality of construction is substantially than the originally anticipated at the time of entering into the shipbuilding contract.

There is no doubt that both the timely delivery and the high quality of construction finally achieved are a direct result of the efforts of the site team and regular support from Graig Shanghai office. Accordingly, we wish to express our complete and total satisfaction with the services provided by Graig China during constructions of the vessels. We look forward to working with Graig on future projects.

顺颂

商祺！
